

# CHECKLIST FOR STARTING A WEBSITE

---

I want a website. Now what?

1. Do I have a domain name?

Yes.     www.\_\_\_\_\_

No.     A. What domain name do I want?  
          B. Should I purchase the domain name from Ezekiel Systems or  
          from someone else?

2. Do I have web hosting?

Yes.     With who?     \_\_\_\_\_

No.     Should I purchase web hosting from Ezekiel Systems or from  
          someone else?

Domain names and web hosting can be purchased together  
from Ezekiel Systems for \$30.

Now that I have a domain name and hosting, I want to create my site and post it to the internet.

3. What should I do about web design and development?

Can I create the site myself?

Yes.     Should I purchase web editing and ftp software or use free downloads?

No.     Should I hire Ezekiel Systems or someone else to design my site?

This checklist should be used as a general guideline. Please feel free to contact us  
if you have any questions about the process of starting a web site.
